

**EBMWG2025 -XVII International Bone Marrow Course and Workshop,
Salzburg, 10 – 12 April 2025
Scientific Program**

Thursday, April 10th (DAY 1)

Registration, 07.30-08.30: Salzburg Congress, Lobby, First Floor

Welcome, 08.45-09.00 (Karl Sotlar and Leonie Saft)

Bone Marrow Course, 09.00-13.00

Chairs: Daniel Arber and Leonie Saft

09.00-09.30 Roos **Leguit** (Utrecht, NL): The spectrum of reactive and therapy related changes in the bone marrow

09.30-10.00 Daniel **Arber** (Chicago, USA): Diagnostic approach to B-cell lymphoproliferations in the bone marrow

10.00-10.30 Mats **Ehinger** (Lund, SE): Flow cytometry in bone marrow diagnostics

Coffee 10.30-11.00

Chairs: Sa Wang and Alexandar Tzankov

11.00-11.30 Hans-Michael **Kvasnicka** (Wuppertal, DE): MDS and MDS/MPN overlap

11.30-12.00 Alexandar **Tzankov** (Basel, CH): Patterns of progression in myeloid neoplasms

12.00-12.30 Arturo **Bonometti** (Milan, IT): Diagnostic approach to histiocytic neoplasms in the bone marrow

12.30-13.00 Konnie **Hebeda** (Nijmegen, NL): AI applications in bone marrow diagnostics

Lunch 13.00-14.00

Topic 1, 14.00-15.10: Histiocytic and dendritic cell neoplasms (Chairs: Roos Leguit and Claudio Tripodo.)

14.00-14.40 **Keynote lecture** by Jean-Francois **Emile** (Paris, FR): Histiocytoses: general concepts, principles of classification, molecular features, future developments, and future unified classifications

14.40-15.10 Falko **Fend** (Tübingen, DE): Plasmacytoid dendritic cell neoplasms and differential diagnosis

Coffee 15.10-15.40

Bone Marrow Workshop Topic 1, 15.40-17.40 (Chairs: Falko Fend and Karl Sotlar)

- 15.40-15.50 Introduction
- 15.50-16.02 Dr. Gorana Gasljevic, Ljubljana, "Histiocytic sarcoma associated with mediastinal germ cell tumor" (case #1734)
- 16.02-16.14 Dr. Roos Leguit, Utrecht, "MPN NOS/U with massive histiocytic proliferation and indolent systemic mastocytosis (SM-AHN)" (case #1741)
- 16.14-16.26 Dr. Mariko Yabe, New York, NY "Histiocytic sarcoma evolving from CLL/SLL" (case #1752)
- 16.26-16.38 Dr. Gabriela Gheorghe, Memphis, TN "ALK+ histiocytosis" (case #1778)
- 16.38-16.50 Dr. Giorgio Croci, Milano, "Myeloid neoplasm with eosinophilia and *ETV6::SYK* rearrangement and cutaneous histiocytosis" (case #1737)
- 16.50-17.02 Dr. Réka Mózes, Budapest, "Blastic plasmacytoid dendritic cell neoplasm with extensive bone marrow involvement" (case #1751)
- 17.02-17.16 Dr. Yen-Chun Liu, Memphis, TN, "Blastic plasmacytoid dendritic cell neoplasm with *MYB::PLEKHO1* fusion" (case #1756)
- 17.16-17.40 Case summary (24 min.)

Welcome reception, 17.40-18.15: Salzburg Congress, Lobby, First Floor

Annual General Meeting (EBMWG members only): 18.15-19.00 (Leonie Saft and Roos Leguit)

FRIDAY, April 11th (DAY 2)

Topic 2, 09.00-17.30: Myeloid neoplasms with unusual patterns of disease progression

Session 1: Chairs: Hans-Michael Kvasnicka and Attilio Orazi

09.00-09.40 **Keynote lecture** by Alessandro M. **Vannucchi** (Florence, Italy): Progress in our molecular understanding of MPN

9.40-10.10 Robert **Hasserjian** (Boston, USA): Patterns of Response and Progression in Treated Myeloid Neoplasms

10.10-10.40 Andreas **Reiter** (Mannheim, DE): Progression of myeloid neoplasms from a clinical perspective

Coffee 10.40-11.00

11.00 – 11.40 **Keynote lecture** by Rebekka **Schneider-Kramann** (Aachen, DE): The role of the bone marrow niche in myeloid neoplasms

11.40-12.10 Christian **Schürch** (Tübingen, DE): The Use of Spatial Omics in Hematopathology

Lunch 12.10-13.00

Session 2: Chairs: Leonie Saft and Falko Fend

13.00-14.00 **Keynote lecture** by Attilio **Orazi** (El Paso, USA): Bone marrow pathology in the classification of myeloid neoplasms: a personal perspective

Mastocytosis symposium, 14.00-15.00 (Karl Sotlar and Peter Valent)

14.00-14.30 Peter **Valent** (Vienna, AT): Mastocytosis – the clinical perspective

14.30-15.00 Karl **Sotlar** (Salzburg, AT): The spectrum of bone marrow manifestations in systemic mastocytosis

Coffee 15.00-15.30

Bone Marrow Workshop Topic 2, 15.30-17.30 (Chairs: Sa Wang and Alexandar Tzankov)

15.30-15.40 Introduction

15.40-15.52 Dr. Giorgio Alberto Croci, Milano, “A complex progression of polycythaemia vera” (case #1748)

15.52-16.04 Dr. Marco Pizzi, Padova, “Myeloproliferative neoplasm with neutrophilic progression” (case #1759)

- 16.04-16.16 Dr. Hanine Medani, London, "Unusual progression pattern in a myelodysplastic neoplasm" (case #1783)
- 16.16-16.28 Dr. Philipp Lohneis, Lübeck, "Polycythaemia vera with CMML-like progression (and acquired *KRAS* mutation)" (case #1726)
- 16.28-16.40 Dr. Alex Jenei, Budapest, "Chronic myelomonocytic leukemia progression to a composite myeloid sarcoma and indeterminate cell histiocytosis" (case # 1758)
- 16.40-16.52 Dr. Konnie Hebeda, Nijmegen, "Chronic myeloid leukemia "progression" in primary myelofibrosis" (case #1763)
- 16.52-17.30 Case summary**

Reception by the City and State of Salzburg: 18.45-20.00, Schloß Mirabell, Marmorsaal

Meet the Expert Dinner, 20.30-23.30: St. Peter Stiftskulinarium, Barocksaal

Saturday, April 12th (Day 3)

Topic 3, 09.00-12.00: B-cell lymphoproliferations in the bone marrow without defining molecular features (Chairs: Konnie Hebeda and Mats Ehinger)

- 09.00-09.40 **Keynote lecture** by Davide **Rossi** (Bellinzona, CH): Molecular landscape of small B-cell lymphomas (without defining features)
- 09.40-10.10 Alberto **Zamo** (Würzburg, DE) Diagnostics of small B cell lymphomas in the bone marrow
- 10.10-10.40 Alexander **Egle** (Salzburg, AT) Indolent B-cell proliferations in the bone marrow – the clinical perspective

Coffee 10.40-11.00

- 11.00-11.30 Sa **Wang** (Houston, USA): Myeloid/lymphoid neoplasms with TK gene fusions – new entities
- 11.30-12.00** Marco **Herling** (Leipzig, Germany): Histiocytic and dendritic cell neoplasms - the clinical perspective

Lunch 12.00-13.00

Bone Marrow Workshop Topic 3, 13.00-15.00 (Chairs: Gorana Gasljevic and Leonie Saft)

- 13.00-13.10 Introduction
- 13.10-13.22 Dr Matsumoto, Pittsburgh, PA: “A case of B-cell lymphoma with *IGH::CCND1* and *BRAF* V600 Mutation” (case #1745)
- 13.22-13.34 Dr Soliman, Doha, Qatar: “Composite Lymphoma: Mantle cell lymphoma & small B-cell lymphoma with plasmacytic differentiation” (case #1754)
- 13.34-13.46 Dr Vogelsberg, Tübingen: “Diagnostic Challenges in Splenic Diffuse Red Pulp Small B-cell lymphoma: A case with features overlapping with splenic marginal zone lymphoma” (case #1765)
- 13.46-13.58 Dr Ehinger, Lund: “An unusual case of hairy cell leukemia without *BRAF* mutation” (case #1771)
- 13.58-14.10 Dr Overkamp, Tübingen: “Diagnostic Challenges in Hairy-Cell Leukemia and its Variants: A Case with overlapping genetical and phenotypical features” (case #1780)
- 14.10-14.22 Dr Alturkistani, Jeddah, Saudi Arabia: A “Rare case of splenic B-cell lymphoma” (case #1781)
- 14.22-15.00 Case summary

Concluding remarks, 15.00-15.15: Karl **Sotlar** (Salzburg, AT), Leonie **Saft** (Stockholm, SE)
